DISCUSSION QUESTIONS

1. Spend the opening of your group time making a list of what makes God glorious. Think about his qualities and characteristics.
2. How have you experienced those qualities? This is the time to testify and give God the glory!
3. Most of the sermon was a biblical outline of God's glory as revealed in the Scriptures. What parts of that outline impacted you most? Why?
4. What does God's glory have to do with missions? How is it related to last week's sermon idea - that we are blessed to be a blessing?
5. How does calling the nations to right response to God's character impact your understanding of missions? What questions does it raise?
